Can Black-Draught Help Physical Fatigue?

Yes, Black-Draught may help physical fatigue if the only reason you have that listless feeling is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath, — and if these symptoms are due only to constipation — then see what Black-Draught may do for you. Dear Friends:
The voters of the Town of Appomattox will elect a Mayor and six Councilmen, on the second Tuesday in June, 1949, to serve for the next two years.

I am a candidate to succeed myself as Councilman, and I am writing to solicit your vote and influence. I have no platform, nor anything that I want to make an issue of, but guided by my past experiences, I hope, if elected, to work for and vote for what I think is the best interest of the Town and its people. I will greatly appreciate any support you may give me.
Thanking you and with best wishes, I am,
Sincerely yours,
CHAS. F. JAMES.
